Software Development Specialist

Phone: +90 541 766 56 76 Email: erselcakmak@gmail.com Location: Bursa, Türkiye LinkedIn: erselcakmak

SUMMARY

.NET developer currently focused on developing a new CAD application at Adeko Technologies with .NET, Eyeshot, and OpenCascade. Before moving to CAD, I worked on business-focused CRM/MES modules and helped digitalize reporting and quality-control workflows used by automotive OEMs and suppliers.

PROFESSIONAL EXPERIENCE

Software Development Specialist

Dec 2023 – Present

Adeko Technologies · Bursa, Türkiye · Full-time

- Contribute to CRM and MES modules to support industrial and internal workflows.
- Develop features for a new CAD application using .NET, Eyeshot, and OpenCascade aimed at international users.
- Improve existing codebases and align features with production requirements.

Software Developer

Oct 2016 – 2023

Contract Group Companies · Bursa, Türkiye · Full-time

- Developed web and mobile (PHP, Flutter) solutions for a company providing quality-control services to major automotive OEMs and Tier-1 suppliers.
- Digitalized end-to-end quality control reporting (inspection steps, defect tracking, customer-specific report formats), replacing Excel/email-based workflows.
- Built supporting HR and partial accounting modules to improve operational visibility and reduce manual data entry.

EDUCATION
